Subject: My Video

Bill, I am sorry it has taken me so long to get back to you. I wanted to let you know that the wedding video you did for us was absolutely amazing. From the photos at the beginning to the honeymoon at the end, it was awesome!

Chanel and I rented a movie the other night from the video store and half way through it, Chanel took the video out and put in our wedding video. We have watched it at least a dozen times already. My dad has said that it was so impressive and that you were truly able to capture the whole atmosphere of the event. He took the video to work to show some people who didn't come to the wedding. We just cant get enough of it.

I told a friend of mine, who is getting married in November, that having a professional video done is absolutely priceless. When we paid for it, we thought it was a lot of money, but if I hadn't gotten it, i would be truly devastated. The video makes for such a wonderful memory. Thank you so much for all your efforts in making the video so amazing! I just can't say enough about it. It is fantastic. Chanel even had the guys over to watch it...That should say it all!!! a bunch of macho guys sitting around watching a wedding video! one even cried during the toasts. and I thought the video was only for me.

Thank you so much!!!
