Scott,

I wanted to let you know that I received the videos. We (Adam and I) were very happy with the footage and the choice of music. You did a great job! We watched the video yesterday and it brought back so many memories and captured so many things that we did not see or had forgotten. The video was well worth the wait and expense!

I may ask for additional copies and a DVD version etc. after the holidays. I will let you know.

Thanks,

Teresa
