- All Spectrum DJs carry a comprehensive library of the most requested party songs of all time. This standard list is a great tool to help us identify your needs. There are many other songs available that have been omitted for brevity, and current releases may not be listed. Please let us know any other songs that you would like to have played on a separate typed list.
- Note that during a typical four hour event there is time for around 45-55 songs to be played. Please do not use a highlighter – it will not FAX. Thank you!

Background music is generally ideal for the beginning of any event through the meal presentation. Please check all that apply:
