

THE POWERPLAY BAND has been performing since 1991 - including **an appearance at Super Bowl XXXIV**. You don't build a track record like that without these important ingredients: Professionalism, flexibility, and consistently great performances.

THE POWERPLAY BAND is comprised of professional musicians. These guys (and a gal) are the real thing. All together, the members of the band have tons of touring and studio experience, and understand both music and entertainment. What's more, our management puts you at ease by being punctual and attentive to detail. We also put a great deal of effort into presentation. Our equipment is state-of-the-art, our staging is both neat and safe, and our musicians take their appearance seriously. (Fact is, we are one fine-looking band. Just ask our spouses!)

We like to consider this our hallmark. **THE POWERPLAY BAND** has one of the largest song lists in the universe. O.k., we're a little short on polkas, but we're working on it. Fact is, whether your tastes run to **swing, Motown, R&B, beach or rock & roll** from the fifties to the new millennium, we can play it all. We'll be happy to customize our song list to compliment your event. Just tell us what type of music you want, and we'll play it. Plus, we'll play as loudly or softly as you like - just say the word. In addition, we can adjust our wardrobe to suit your needs whether your vision is formal, fun, festive or casual.

This is what it's all about. Our task isn't simply to play music, but to perform. We love what we do and we love making certain your guests have a great time. Our one mission is to get people dancing and we guarantee that, given a dance floor and a couple with a pulse, dancing will happen. We also take great pride in being attentive to the "flow" of an event and adjusting our repertoire to make sure the music is effective. What's more, with our eclectic song list, you'll find that **THE POWERPLAY BAND** can draw smiles from all ages. We are the Atlanta dance band everyone loves!

"My wife and I had our daughter's wedding at the Renaissance Waverly Hotel on October 19th, at which time Powerplay performed as our band. They were simply sensational. Here it is 10 days past and people are still calling and raving about how great you were. You really made our party!"

Harry Zwerling

"The compliments have not stop coming about the fun that everyone had at Molly and Jay's wedding. Powerplay was a major factor in the success of the evening. You know that our expectations were high and your band even surpassed them. Dave and I are sure that the performance at Emily and Greg's reception in May will be as fantastic. It is wonderful to be confident that our guests will have a wonderful time again."

Marybeth

"Brandon and I both have received millions of comments on how great the band was at our wedding reception. You guys kept the dance floor booming and made our reception wonderful. The music sounded awesome!"

Elizabeth White

"I just wanted to take a minute and thank you and the Powerplay Band. I think our reception was a hit and the band played an important role in that success. We have had several of our friends comment on how much fun they had on the dance floor. Please pass my thanks along to the other band members for me."
